

Dear WANTE Members:

Re: Disruption of Website Access

During the month of January you may have been experiencing difficulties trying to access the WANTE Website. First off please let me apologize for the inconvenience this may have caused our members while trying to access information on our site.

It seems that a virus was discovered on our host server causing visitors to our site to be re-directed elsewhere. During the process of trying to figure out where the problem was it was decided to shut the website down temporarily.

After a rather lengthy process and a thorough cleaning the problem has been resolved and as you can see we are back up and running.

I would like to take this opportunity to thank our loyal WANTE website visitors for your patience and understanding during the delay and I hope that this will be the end of our problems.

Thank you,

Respectfully yours,

Dianne Drummond
WANTE Website Manager
